Dear Mr. Sokol,

Please excuse and try and understand the haste. I've undertaken ~~xxxxx~~ another rush project. I think you might guess what it is. So I'k in more than the usual rush, for this is in addition to what kept me too busy.

Sounds okay. But please rty and check with the airlines to see when I might be having to leave and when I might get in. I'll want to fly back to Baltimore, New York or possibly Washington. Figure me for as much as you want that gives me time to get a plane either to New York, if I stop over there, or to Baltimore.

You can figure on running as late Friday night as you'd like. I can do it.

Happy to stay with you.

Have no pictures but will be getting some and will send;

Sincerely,
